## A SPECIAL NEED

- THOSE SERVING** 4

Adjayi Inoussa was hired by FACE about 18 months ago to work with George Akpabli at BTC. Our plan is to have someone in place who will be able to take over when that time becomes necessary.

Adjayi (pronounced Adj-eye) has proven to be a great asset to George and to the faculty at BTC. He and George have worked together for years, and we have a great deal of confidence in Adjayi.

On my last trip to Benin, I learned that Adjayi and his wife had both been recently diagnosed with type 2 diabetes. We took him a blood glucose meter and instructed him on its use. He was extremely grateful. Yesterday I received the following email from him:

*Hope you are doing good. We are fine at our end. Thanks so much once again for the blood glucose testing monitoring system ONE TOUCH ULTRA 2 that you bought for us. It is very useful to both of us. We need blood glucose strips. Also if you can afford to buy an electronic instrument to check our blood pressure and multivitamins that a diabetic can take, we would surely appreciate it. You can give all the above-mentioned items to brother George Akpabli.*

*Let me hear from you soon. May the good Lord bless you the more. Adjayi Inoussa*

I will be in Whitehouse TX on March 13-15 for a FACE Board meeting in which George Akpabli will be present. I am hoping some of you will want to help Adjayi with these needs. What is easy to buy here over the counter is either unattainable or absolutely cost-prohibitive in Benin. Test strips are easily purchased, and he would need enough for both of them to use for an extended period of time. They need to be for the ONE TOUCH ULTRA 2. A box of 100 strips can be bought at Wal-Mart for \$137. Digital Blood Pressure units can be purchased virtually anywhere.

Please let me know if you intend to help. Thanks, DC
